Panelist Biographies

Leigh Steinberg, Steinberg Sports ,
Mega Sports Agent

Leigh Steinberg is an American sports agent legend. During his 41-year career, Steinberg has represented over 300 professional athletes in football, baseball, basketball, boxing, and Olympic sports. Leigh was born and raised in Los Angeles by his parents, a teacher and librarian. He obtained both his undergraduate and law degree from Cal where he was student body president during each tenure. Leigh has represented many of the most successful athletes and coaches in football, basketball, baseball, hockey, boxing, golf, etc., including the number one overall pick in the NFL draft for an unprecedented eight times in conjunction with over 60 first round picks. Furthermore, Leigh has represented other notable athletes such as Oscar De La Hoya and Lennox Lewis, as well as multiple Olympians and professional teams. With an unrivaled history of record-setting contracts, Leigh has secured over \$3 billion for his 300+ pro athlete clients, and directed more than \$750 million to various charities around the world.

Leigh is easily distinguished from others within his profession by his passion for giving to those less fortunate and his endless campaign to make our world a better place. He has received commendations from Congress, State Senate, State Legislature, the Los Angeles City Council, the Orange County Board of Supervisors, President Reagan, President Bush and President Clinton. Leigh has been named Man of the Year over a dozen times by a variety of groups including the March of Dimes, Cedars Sinai, the Southern California Boy, Scouts, the Orange County and Los Angeles Human Relations Commissions, the Orange County and Los Angeles divisions of the Anti-Defamation League, and several other professional and charitable organizations. He has also been awarded the "Keys to the City" in San Francisco, CA, Memphis, TN, Jacksonville, FL and Concord, CA.

Bob Grant,
Chairman of the Board Retired NFL Players Congress, Super Bowl Champion

Bob Grant is leader, innovator, visionary and selfless. He has been on the forefront in so many ways its hard to began, as one of the players who help to integrated sports in America, his low-key selfless style is distinct. He was one of the first African-American sports legends to be extremely successful in business. He has been and continues to be a leader within the ranks of the retired NFL Players, and their fight for the equity, rights and justice. He is one of the founders of the Players Congress which represents all former NFL players.

Grant, who is married and a father of three, is also a businessman. His job titles have included president of Cal American Companies, president of Uncle Moki's Kahana Bay Trading Co., Inc. and president of North Shore Traders, Inc. Research Study: TLT, A Breakthrough Treatment for TBI & CTE

Summary: This clinical trial studies the beneficial effects of TLT on TBI & CTE. It is thought to be a breakthrough treatment, up to ten times faster, better and cheaper than other TBI treatments. Rather than focusing on *diagnosing* CTE, we are fast-forwarding and focusing on *treating and curing* the overlapping symptoms and underlying causes of CTE & TBI.

What is TLT? Transcranial Laser Therapy is a strong infrared laser applied directly through the skull into the brain.

Causes of TBI, CTE, PTSD: These three diseases overlap. They are loosely called neuro-psychiatric or neuro-cognitive disorders.

TBI, Traumatic Brain Injury, results from head trauma. Mild TBI is most common, with loss of consciousness 1-20 minutes. Each year, 2 million TBIs occur in the US, resulting in 275,000 hospitalizations and 52,000 deaths.

CTE, Chronic Traumatic Encephalopathy, results from multiple head trauma, with or without loss of consciousness. CTE is thought to be due to the build-up of an abnormal protein called tau in the brain. CTE is a disease of athletes with repetitive head trauma.

PTSD, Post Traumatic Stress Disorder, results from physical or mental trauma. PTSD affects about 8 million Americans annually. Among civilians, more women than men are affected. Combat Veterans have the highest incidence, as high as 30-40%. Wounded Warriors frequently have both TBI and PTSD.

TBI, CTE, & PTSD Causes

Page 2 of Research Study: TLT, A Breakthrough Treatment for TBI & CTE

Symptom overlap: TBI, CT, & PTSD share most of their symptoms. Many of these symptoms can be traced to dysfunction of the brain's frontal cortex.

Symptom vs Disease	Depression	Memory Loss	Confusion	Judgment	Impulse	Aggression	Dementia	Suicide	Sleepless
CTE	XX	XX	XX	XX	XX	XX	XX		
TBI	XX	X	X	X	X	X		X	X
PTSD	XX		X	X	X	XX		XX	XX

TBI, CTE, & PTSD Symptoms

Page 3 of Research Study: TLT, A Breakthrough Treatment for TBI & CTE

Advantages of TLT: Transcranial Laser Therapy uses an FDA-approved high-power laser for a new indication. It is non-invasive, painless, and can bring a rapid and permanent cure to some of the root causes of TBI, CTE, and PTSD.

Study Summary: This study uses a 2.5X higher dose of TLT than has previously been used. 40 patients with symptoms of CTE, TBI, and/or PTSD will be studied. The study population is former NFL players and Vets.

Who Benefits: Kids - Athletes - Vets

- 20,000 Former NFL players
- 1,800 Active NFL players
- Millions of Former College & High School athletes
- 3 Million Kids annually with concussions from sports
- 1+ Million Vets with PTSD
- 8 Million Americans with PTSD

Frank Rice,
President Los Angeles Chapter NFLPA Former Player
One player who serves as a prime example of how to make a successful transition after retirement is business owner, artist, and modern day Renaissance man Frank Rice. After his NFL career was cut short due to an injury, Rice utilized his entrepreneurial acumen, which he gained from his father who bought his first store when Frank was in high school, to build a business and brand that would sustain him long after retirement. During his football career you would have found Rice

on the field on any given Sunday, but now, on any given Tuesday, he can be found engaging with customers at any one of the five **Popeye's** restaurants in his family's fast food empire. Other times, you may find "**Fresh Frank,**" as he was known on the TV One reality series *The Ultimate Merger*, with model Tocarra Jones, reading scripts, writing, acting, or producing music on his independent label Avari Music. **Recognizing Rice as someone who's carved out his niche in the business world,**BlackEnterprise.com caught up with the sports entrepreneur to discuss his various ventures.

UCLA | POP WARNER DAY **@ THE ROSE BOWL STADIUM**

POP WARNER OVERVIEW

The mission of Pop Warner Little Scholars is to enable young people to benefit from participating in team sports and activities in a safe and structured environment. Through this active participation, Pop Warner programs teach fundamental values, skills and knowledge that young people will use throughout their lives.

Pop Warner seeks to familiarize players and spirit participants with the fundamentals of football, cheerleading and dance. Pop Warner strives to inspire youth, regardless of race, creed or national origin, to practice the ideals of sportsmanship, scholarship and physical fitness as reflected in the life of the late Glenn Scobie "Pop" Warner.

Pop Warner is the only national youth sports organization in America that requires its participants to perform adequately in the classroom before permitting them to play. We believe that the standards we have set give these children a sense of responsibility and appreciation for academics and athletics that will help them develop later on in life.

UCLA / ROSE BOWL OVERVIEW

This event will place young students into a collegiate atmosphere that stresses the excellence of both education and athletics, UCLA hopes to build a positive relationship with young people in the community and motivate them to continue achieving goals in both school and life.

Through a presenting sponsorship complimentary tickets will be provided for kids to attend the UCLA football game, which will conclude the Pop Warner Day.

A pre-determined space will be provided with food, drinks and activities. Pop Warner Day will encourage children to think about their educational futures and offer a first-hand look at the opportunities available through participation in sports. Children learn the value of teamwork, leadership, cooperation, and gain new appreciation about what it means to be part of a team.

ARE YOU OK?

YOUR SHARE OF THE NFL CONCUSSION SETTLEMENT

HEAD INJURIES

The case known as the **NFL Concussion Settlement** was heard in U.S. District Court, and a settlement reached to compensate retired players who experienced head trauma during their NFL football playing careers. If you have brain injuries that caused long-term neurological problems, you may be eligible for compensation from the established settlement fund.

If you retired prior to July 7, 2014, and were on any roster in the NFL, AFL, World League, American Football, NFL Europe, or NFL Europa, you may qualify for payment. Also representative claimants (authorized by a court of law) and derivative claimants (spouses, parents, or dependent children) may qualify for payment from the settlement fund. Sign Up Now to have us represent you in making your claim to the fund.

WHAT TO DO

Retired pro football players are eligible for medical testing, counseling, and treatment for cognitive impairment. It all starts with signing up for legal representation. We'll lead you through the steps from baseline neurological exam to collecting the money you deserve.
